EXAMINER'S AMENMENT

The Examiner initiated a telephone interview with the Applicant's Representative (Mr. Carl A. Giordano 41,780) on 4/3/06. The examiner informed the Applicant's Representative that the computer readable medium as specified in page 12 of specification include both storage medium and transmission medium. The Examiner inquired whether the Applicant would be willing to amend claims 23 and 45 to include only the storage portion. The Applicant agreed to the above proposal and performed the amendment and emailed a copy including the amended claim to the Examiner. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Please amend the claims as follows:

Claim 23:

Line 7, after "logic" insert --stored in a computer readable storage medium--

Claim 45:

Line 1, after "product" insert --, including computer-executable logic contained on a computer readable storage medium,--

Line 8, delete "includes computer-executable logic contained on a computer--"

Line 9, delete "readable medium and which is"
